**AUGUST 2022 EDITION**

Dear Neighbor,

Three years ago this month, 9 lives were stolen and 17 others were injured during a mass shooting in Dayton. Instead of working across the aisle to enact commonsense gun safety measures supported by an overwhelming majority of Americans, responsible gun owners, and law enforcement, the Republicans in the Statehouse have enacted extreme bills that put more Ohioans at risk. Governor DeWine has displayed a failure of leadership and betrayed the families and Dayton community who called on him to “do something” to stop the senseless mass murders. The Republican monopoly on state government has repealed duty to notify, passed permitless concealed carry and stand your ground laws. Instead of protecting Ohioans, these laws put our communities and law enforcement at risk.

On the other side, my colleagues and I have put forward concrete and effective bills that would reduce gun violence in our state. These bills include:

- o HB 38 (West, Miller, A.) Repeal “Stand Your Ground”;
- o HB 259 (Robinson, Miller, A.) Universal background checks;
- o HB 274 (Upchurch, Jarrells) Restore local control to regulate firearms-related conduct;
- o HB 257 (Russo, Smith, M.) Enact Extreme Risk Protection Order Act (“Red Flag” law);
- o HB 262 (Miranda, Kelly) Prohibit negligent firearm storage;
- o HB 360 (Miranda, Smith) Designate Gun Violence Awareness Month;
- o HB 661 (Crossman, Hicks-Hudson) Require gun trigger locks with firearm sales
- o HB 700 (Sobecki, Smith, M.) Revise allocation of firearms related tax revenue to survivors of gun violence, mental health services, and police-community relations.

House Democrats are fighting to protect Ohioans’ lives and reduce gun violence. In Washington, DC, Democrats were able to find bi-partisan support for the Safer Communities Act, which is among the most significant gun violence legislation Congress passed in nearly 30 years. Signed by President Biden, the bill will save lives but there is still so much work to do. To learn more, or if you have questions or concerns, please do not hesitate to contact my office. Your public servant,

Did you know that August is National Black Business Month? Ohio is ranked the 7th best state in the country for Black entrepreneurship, according to a study by Merchant Maverick. Ohio is home to more than 4,200 Black-owned businesses. They employ nearly 70,000 and pay roughly \$1.5 billion in payroll each year. National Black Business Month is not just a time to highlight Black-owned businesses but to also draw attention to the needs of and challenges Black entrepreneurs face. According to the U.S. Census Bureau's Annual Business Survey in 2019, Black business owners owned only approximately 1.4% of all retail businesses in the country. Throughout the country, Black-owned businesses have less access to capital and human resources than white-owned businesses. The Small Business Administration (SBA) has programs focused on addressing this disparity. In Ohio, the State Encouraging Diversity, Growth & Equity (EDGE) program encourages state agencies to awarded contracts to certified EDGE eligible businesses to assist economically and socially disadvantaged businesses.
