## A LETTER FROM STATE REPRESENTATIVE ISMAIL MOHAMED

Dear Neighbor,

As We March into spring I want to take a moment to recognize an important time of the year. March is woman's history month, a time to celebrate the many contributions woman have made to our state, our country, and our communities. Woman have played an important role in shaping our history through leadership hard work and advocacy.

This month I had the opportunity to meet with the Columbus Metropolitan library to discuss important information about concerns affecting our community. The Ohio Library Council also held its Annual Legislative Day at the Statehouse where libraries leaders from across Ohio came to share the impact libraries have.

I also met with the Ohio Counseling Association during their advocacy day, where counselors and students came to explore their fields, build their skills, and take part in conversations about policy. These meetings are important because they help make sure voices from our communities are heard. They also give us a better understanding of what people need so we can make more informed decisions

I do not take for granted the honor of serving as your State Representative. Thank you for your continued trust and engagement, it truly inspires the work we do each day at the Statehouse.

Please do not hesitate to contact my office with any questions, comments, or concerns.

Sincerely,

*Ismail Mohamed*  
State Representative, District 3

## Representative Mohamed's Speaking Engagements

**This month Representative Mohamed spoke in support of H.B 646. He explained That commissions “allow lawmakers to bring together experts, stakeholders, and community members to study complex issues. He also emphasized that including laborers and recognizing their role in building and supporting Ohioans. He ended by showing his support for the bill and plans to vote yes.**

**“It is also important that labor has a seat at the table. Workers who help build and maintain the infrastructure that supports economic development should be part of these discussions.”**

**Rep Mohamed will continue to offer updates as the bill moves through the legislative processes.**

## Spanish Immersion Academy Statehouse Visit

Representative Mohamed had the opportunity to speak with the students from the Spanish Immersion Academy at the Statehouse, where he shared how a bill becomes law and what his work looks like day to day. He also took time to answer their questions and connect with students, helping them better understand how government works.
