State Representative Sean Patrick Brennan

Ohio House District 14

(614) 466-3485 | rep14@ohiohouse.gov

November, 2026

Proudly serving Parma, Parma Heights, and Cleveland's Old Brooklyn, Brooklyn Centre, Clark-Fulton, & South Hills Neighborhoods!

Dear District 14 Resident:

Throughout my life, I have believed that public service is about one thing: helping others. Whether in the classroom, at Parma City Hall, in the Ohio Statehouse, or through community and humanitarian efforts, my goal has always been to make a positive difference in the lives of others.

After 30 years as a public school teacher and nearly two decades on Parma City Council, including more than a decade as Council President, I continue that commitment as your State Representative. I believe government should work for ordinary people and that every one of us has a responsibility to strengthen our community.

That commitment extends beyond elected office. Through initiatives like the Parma Peanut Butter Drive and the Parma Run-Walk for Pierogies, I have been proud to support families facing food insecurity, local charities, and worthwhile community projects.

Recently, I participated in Ukraine Focus's 19th humanitarian mission, driving a donated ambulance from Prague to Lviv as part of an effort delivering ambulances, medical supplies, and humanitarian aid. As a former American history teacher, witnessing the courage of Ukrainians defending their freedom was a powerful reminder that service knows no borders.

I am grateful to the volunteers, donors, and community members who make this work possible. **Public service is more than a title or a job—it is a lifelong commitment to helping others.** Thank you for allowing me to serve our community, and I look forward to continuing this work together.

It is an honor serve as your State Representative. As always, if I may be of assistance, please reach out to my office. I am here to serve you!

Sincerely,

Sean

Sean Patrick Brennan
State Representative, District 14
77 South High Street, Floor 10
Columbus, Ohio 43215

The annual *Parma Heights Frights* was one of the best family-friendly events I have attended in my life. Hats off to Mayor Gallo, her team, the Parma Young Professionals, and everyone who played a part in making the event a success!

Rep. Brennan Delivers Ambulance & Humanitarian Supplies to Ukraine

Recently, I had the honor of participating in Ukraine Focus's 19th humanitarian mission to Ukraine, driving a donated ambulance from Prague, Czech Republic to Lviv, Ukraine. Our mission delivered 47 ambulances, two SUVs, two armored vehicles, a mobile morgue, additional vehicles, medical supplies and humanitarian aid to help the Ukrainian people.

This mission was especially meaningful to me because I represent Parma and Parma Heights, communities I proudly consider the Ukrainian capital of Ohio. From the golden domes of St. Vladimir and St. Josaphat to the businesses, restaurants and traditions of Ukrainian Village, generations of Ukrainian-American families have enriched our community and maintained a deep connection to their homeland. For many of my constituents, this war directly affects their families and loved ones.

When we arrived at our transfer location and interacted with members of the Ukrainian military, I realized I was part of something much bigger than myself. As a public school teacher for 30 years, I taught thousands of students about America's founding and the sacrifices made to secure our independence—including the assistance we received from France and other allies. Ukraine's fight for freedom reminded me that democracy and self-determination are ideals we must continue to defend.

Throughout my career—as a teacher, 19-year Parma City Council member and now state representative—I have believed that service means more than talking about what matters. It means taking action when we have an opportunity to help.

I am grateful to Ukraine Focus, as well as the United Ukrainian Organizations of Ohio and the Fund to Aid Ukraine, and their dedicated volunteers for making this mission possible. Delivering an ambulance was a small but tangible way to stand with the people of Ukraine and show them that they have not been forgotten.

Freedom is precious, democracy is fragile, and we all have a responsibility to help both thrive.

Pictures: I was honored to be gifted a flag from the Ukrainian 8th Separate Mechanized Brigade Medical Service – it is now proudly displayed in my Statehouse office; Presenting Lviv Mayor Andriy Sadovyi with a certificate and other gifts commemorating our meeting; The many members of the Ukrainian military that I had the honor of meeting were very kind and appreciative of the supplies we brought to them, all of which are already saving lives at the war front. I was presented with and enamel and brass (from melted down rounds from the war front) medal that says, "Glory to Ukraine. To those who stand for freedom." What an honor!

Rep. Brennan Ready to Get Back to the Statehouse & Continue His Work to Protect Consumers from Utilities

One of my biggest accomplishments at the Statehouse has been fighting to lower utility costs and protect Ohio families from excessive charges by powerful utility companies.

Here are some of the ways I have worked to put consumers first:

- **Saving Ohio consumers money:** Supported House Bill 15, which included my provision that eliminated costly hidden charges and will save Ohio consumers approximately **$500 million**
- **Putting consumers ahead of utility profits:** Challenged policies that shift unfair costs onto residential ratepayers.
- **Demanding accountability:** Pushed for greater oversight of utility companies and greater accountability for unfair charges and poor service.
- **Protecting renters:** Advocated for fair billing practices and stronger consumer protections for residents in submetered apartments who deserve the same fundamental utility consumer rights as other Ohioans.
- **Addressing power outages:** Supported efforts to hold utilities accountable for unreliable service and advance relief for families who experience extended outages.
- **Fighting unfair rate increases:** Continued challenging proposals that place additional financial burdens on hardworking families.
- **Reigning in data centers:** They should not cause our rates to go up and they need to do right by our environment and communities
- **Working across party lines:** Supported bipartisan solutions to make energy more affordable, reliable, and transparent.

I believe electricity and natural gas are necessities, not luxuries. Ohio families deserve reasonable utility bills, reliable service, and protection from unfair charges - not a system that puts corporate profits ahead of consumers.

And our work is not finished. As we prepare to reconvene the Energy Committee following the general election, I am ready to continue this fight. Serving on this committee gives me an opportunity to keep pressing for meaningful reforms, greater transparency, and policies that protect Ohio consumers.

I will continue working to hold utility companies accountable, challenge unfair practices, and make affordability a priority. My commitment remains the same: **put Ohio families first and ensure our energy policies work for the people who pay the bills.**

Rep. Brennan Out and About in District 14

Thanks to All Faith Pantry for serving the needy of the community for 20 years; Honored to speak at the grand opening of the Primate Forest at the Cleveland Metroparks Zoo in Old Brooklyn; Thanking the fine medical professionals at UH Parma for my recent colonoscopy; Congrats to Old Brook High School for the opening of their new career-tech center; Honored to join Parma Mayor DeGeeter at the pet rescue adoption center at Pet Smart; I didn't want to let go of this cuddly pup at the Pet Smart ribbon cutting!; Presenting a civics lesson to the students at Padua Franciscan High School in Parma.

Rep. Brennan Receives National Award

State Rep. Sean Patrick Brennan was honored in Denver, Colorado, as the recipient of the 2026 Friend of Aspiring Educators Award. The national award recognizes his leadership and advocacy for addressing the financial barriers facing student teachers.

"As a former public school teacher and the proud parent of a public school educator, I understand the commitment required to enter this profession," said Rep. Brennan. "At a time when schools face staffing shortages, we must eliminate financial barriers for the next generation of teachers and ensure that a career in public education remains accessible to everyone."
